FIGHTING THE PEST.

Soldiers Arrive and Go Into Camp on Fire Island.

A PROCLAMATION BY MAYOR GRANT.

Another Case of Cholera in New York--Cincinnati Under Rigid Quarantine—Syrian Immigrants Held Up—A Sensational Rumor.

The Troops in Command at Fire Island.

BABYLON, L. I., Sept. 16.—The little steamer Ripple landed at Fire island at 11 o'clock yesterday. The Normannia passengers were held in check at the head of the slip. The band from the Normannia played airs, which were responded to with cheers by the soldier boys. Orders were then given for the brigade to disembark, and as they came up the dock they were greeted with enthusiastic cheers by the quarantined passengers, who were gathered on the veranda of the hotel.

A march was then taken up the sand waste to Lighthouse point, about a mile from the Surf hotel. The troops will be stationed in tents there. Camps are now being put in position, and the troops will probably be there until Saturday morning.

Capt. Cochran, the commanding officer, cautioned the men not to get within the quarantine lines, as that would in mean a delay of twenty days, and he would not be able to get them out. These were the orders from the governor.

The scene where the camp is pitched is a bleak and desolate sandy spot on the extreme western point of the rock-ribbed coast.

Sheriff Darling returned from Fire island at 1:30, and wired Gov. Flower as follows:

Do you wish me to remain here longer? Have sworn in sufficient deputies to guard landing of Ripple. Have been to the island this forenoon with Dr. Voight. He is to give permits to any person leaving the island on the Ripple, entitled thereto, to show to my deputies at the Babylon landing, which is satisfactory to the local board of health.
(Signed) ALBERT M. DARLING.

A local reporter, named Cooper, brings the news from East Islip that there is a cholera scare there. Some one is sick at Sweeny's hotel, and it is quarantined. It is ascertained by telephone that it is thought the case may only be scarlet fever.

Mayor Grant Issues a Proclamation.

NEW YORK, Sept. 16.—Mayor Grant has issued a proclamation to the public in which he says the health department has showed entire competence to deal with the cholera. He anticipates no spread of the epidemic, and asks the people to have confidence in the provisions adopted by the board for the safety of the people. He also invites their aid in enforcing sanitary regulations for their maintenance.

The board of coroners have decided to co-operate with the health board in combating the disease, and all the coroners and their physicians are requested to be on duty every day so as to meet all emergencies. It was decided by the health board to send all immigrants who are sick on Ellis island directly to North Brother's island by boat, instead of through the city as formerly.

Mr. J. Pierrepont Morgan, treasurer of the chamber of commerce quarantine fund, reported that up to date he has received $155,885.

It is said that rags from European ports are being landed daily. The authorities have been notified and will make investigation to-day.

The Hamburg-American Packet Co. paid the bill for furnishing the vessel New Hampshire and the Stonington, which amounted to $12,640.14. General Passenger Agent Boas says it has cost the company about $1,500 a day to feed the Normannia's passengers.

Another Case of Cholera in New York.

NEW YORK, Sept. 16.—The health inspectors have reported another case of cholera. The victim, Mary Connity, 19 years old, residing at 692 Second avenue, has been removed to the St. John's Guild floating hospital at the foot of East street.

Two suspected cases of cholera were found in Brooklyn yesterday. A young German girl, whose name could not be learned, residing at 562 State street, was one, and Samuel Collinski, of North Seventh street, Williamsburg, the other. The German girl died in a few hours. She had been in this country since last February. Both cases are being carefully investigated.

Cincinnati Under Rigid Quarantine.

CINCINNATI, Sept. 16.—Mayor Mosby and Health Officer Prendergast had a conference yesterday morning and as a result Cincinnati is under rigid quarantine. City officials and physicians are stationed at Maysville, Ky., where they will get Baltimore & Ohio trains; others at Loveland, Dayton and every point where trains from the east can enter the city. The quarantine will include persons from infected points, foreign or otherwise. All railroads have been notified that no immigrants will be allowed to enter the city, and if brought to quarantine stations they will be thrown upon the care of the road bringing them.

Syrian Immigrants Held Up.

CAPE CHARLES, Va., Sept. 16.—Thirteen Syrian immigrants holding first-class tickets for Suffolk, Va., via Norfolk, were stopped at Cape Charles yesterday morning by the New York, Pennsylvania & Ohio railroad authorities owing to the quarantine established against New York. Two of the number in broken English claimed that all had been in America two years having lived at Greenville, S. C. The fact of their having first-class tickets is regarded as suspicious, for they are as unwashed a lot of Ishmaelites as was ever seen. The lot will be returned to New York to-day.

A Sensational Rumor.

BALTIMORE, Md., Sept. 16.—The sensational rumor that a girl had died of cholera in this city was circulated yesterday afternoon. A Russian girl who had arrived from Hamburg eleven days ago died Friday night. Two physicians attended her. One of them insists that she died of cholera, and one of them says not. Health Commissioner McCane is investigating the matter.

The Death of Mrs. Person and Her Two Children.

QUARANTINE, Staten Island, Sept 16.—Commissioner Allen, who returned from lower quarantine at 3 o'clock yesterday afternoon, reports the death of a child on the Wyoming from croup. He also reports Dr. Sanborn as saying that the deaths of Mrs. Person and her two children, who died on the Wyoming, were caused by poison administered by Mrs. Person on account of family trouble. She was not married to the man who passed as her husband.

In Violation of the President's Proclamation.

BALTIMORE, Md., Sept. 16. — The North German Lloyd steamship Weimar, from Bremen, anchored off Quarantine yesterday morning. Drs. Heiskell and Clark immediately boarded her. Every nook and corner of the big immigrant ship was thoroughly inspected, but no sickness of any description was found on board. The steamer proceeded to her pier and discharged her sixty-eight cabin and 509 steerage passengers.

Cleveland Will Quarantine.

CLEVELAND, O., Sept. 16.—The health board of this city has decided to establish strict quarantine regulations at once, and the director of police will be given dictatorial power with regard to searching and holding trains, boats and travelers. Pickets will be stationed along the various railway lines leading into the city and quarantine camps will be established at Conneaut and Ashtabula. The railway officials are co-operating with the city authorities in this matter.

It Was Only Scarlet Fever.

BABYLON, L. I., Sept. 16.—The alleged outbreak of cholera at the Sweeney hotel, Islip, turns out to be without foundation. It was nothing more than a scarlet fever case.

Cholera Notes.

—The deaths from cholera in Teheran between September 6 and 11 were 2,335.

—Eight deaths from cholera were reported in Paris Wednesday. No new cases were reported.

—Fifty-nine cases of cholera and fourteen deaths were reported at Lublen, Russian Poland, on Saturday.

—A Babylon (L. I.) boatman claimed, yesterday, that he had made $130 since dinner by ferrying a party from Fire island.

—Two children and a sailor died Wednesday at Antwerp, of cholera, and two persons sick with the disease were taken to the hospital.

—Mayor Washburne of Chicago, is in favor of a memorial to the president to suspend immigration until all danger of a cholera epidemic is past.

—The North German Lloyd steamer Trave, from Bremen, arrived at Quarantine, S. I., yesterday. She brought 209 cabin passengers. All well.

—The health authorities of Pittsburgh, Pa., have taken steps toward the erection of an emergency hospital for the accommodation of cholera patients, should any appear.

—A bulletin issued by the New York health department says that in the forty-eight hours up to 10 a. m. yesterday no new cases of cholera had been discovered or developed in that city.

—The health officers of Dover have been censured for permitting six stowaways from a cholera-infected street in Antwerp to land and take train for London. They were stopped at Canterbury and placed in quarantine.

—The Normannia, Scandia, Moravia and Rugia will not be allowed to approach Hoboken. Their cargoes will be taken off in lighters, and the ships, after being thoroughly fumigated, will be supplied with coal and sent back to Hamburg in ballast.

THE PRESIDENT IN EARNEST

In the Matter of Immigration—Mrs. Harrison Slightly Better.

LOON LAKE, N. Y., Sept. 16.—Soon after receiving the opinion of Attorney-General Miller concerning the power of the executive in taking measures to prevent the introduction of cholera into this country, the president wired Secretary Foster that the attorney general had notified him that he had the authority to restrict immigration even to the point of absolute stoppage. The president told the secretary that if the steamship companies persisted in sending to this country immigrants from foreign ports he would deem that they had sufficient notice in the premises and would take action to restrict them accordingly. He asked the secretary whether he deemed it necessary to issue any further orders on the subject.

Last evening an answer was received by the president from Secretary Foster. The secretary says the steamship companies are complying willingly with the wishes of the general government. He gives it as his belief that the companies are acting in good faith, and thinks that there will be no necessity for the issuance of any further or additional orders.

Mrs. Harrison rested easy yesterday. There was not a sufficient accumulation of the watery substance in the cavity of the lung to justify another operation of tapping. Dr. Dougherty returned from Paul Smith's, last evening, and visited Mrs. Harrison at her cottage. Drs. Gardiner and Dougherty made an examination of Mrs. Harrison last night, and were very favorably impressed with the condition of their patient. They found no accumulation of the water substance in the lung cavity.

Mrs. Harrison rested easier during the entire day, and was conscious all the time. The physicians are of the opinion that there has been a slight improvement, but they do not consider it sufficient to justify any strong hope that Mrs. Harrison will recover. She appears to be more cheerful, but the intense nervousness remains and acts as an offset to the bodily improvement.

Messages of sympathy from all parts of the country continue to pour in on the president.

No More Immigrants.

WASHINGTON, Sept. 16.—Secretary Foster said this morning that he had been advised that the steamship companies had agreed not to bring over immigrants after yesterday, having completed the contracts upon which they had entered.

TELEGRAPHIC NOTES.

—The Rugia's passengers were yesterday transferred to the New Hampshire.

—The national convention of republican league clubs met at Buffalo, N. Y., yesterday.

—Judging from the reports from Homestead, Pa., victory is assured for both sides in the great strike.

—A very slight change for the better was noticeable in the condition of Mrs. Harrison yesterday morning.

—Gov. Boies opened the democratic campaign at Carroll, Ia., yesterday afternoon, addressing an audience of 3,000 persons, mostly farmers.

—The reunion of the Society of the Army of the Cumberland in Chickamauga, Ga., commenced yesterday at 10 a. m. Gen. Rosecrans presided at the first meeting of the society.

—The American fishing schooner Hattie Maud has been seized and towed into St. John, N. B., on a charge of shipping a seaman at Shelbourne, N. S., last year, in violation of the treaty of 1818.

—At Grammont, in East Flanders, a serious affray occurred between the police and a mob of riotous strikers. A call for the militia, who charged with fixed bayonets, was necessary to disperse the mob.

—Returns of the recent election in Vermont have been received from the entire state. Fuller (rep.), for governor, 39,280; Smalley (dem.), 19,526; Allen (pro.), 1,650; Fuller's plurality, 19,964, and majority, 18,014.

—John Pratt, of Hornellsville, N. Y., a soldier of the late war, shot his wife, and immediately afterward shot himself in the side. The wife will die. Pratt was locked up. The trouble arose out of Mrs. Pratt refusing to give him money for liquor.

—At Tarnopol, in Austrian Galicia, a schoolboy named Johann Schwed, exasperated beyond endurance by the harshness with which he had been treated by Prof. Glowacki, shot the professor dead as he was leaving the classroom. He then turned the pistol to his own head and fired again, killing himself instantly.

—The cases of Joe Smith and J. H. Lockhart, sheriff and deputy of Warren county, Ala., charged with larceny of $2,000 worth of diamonds from a New York drummer while in Nashville, were nolled in the criminal court. The defendants admitted their guilt, but said the robbery was committed in a drunken frenzy.

The Maverick Bank Wreckers Again in Court.

BOSTON, Sept. 16.—Messrs. Potter, French and Dana, the famous Maverick bank trio, made their appearance again yesterday in the United States circuit court to answer to the four fresh indictments found against them by the United States grand jury. Two of the indictments were against Mr. Potter and one each against French and Dana. Their cases were called, but the counsel for each stated that they had filed demurrers, so the defendants did not plead. The demurrers took the ground that the new indictments were not sufficient in law. Judge Putnam fixed October 12 and 13 as the dates for the hearings on the demurrers. The government will be allowed one day and the defendants the other.

The More Business the More Debt.

SAN FRANCISCO, Sept. 16.—At a meeting of the stockholders of the Hawaii Commercial and Sugar Co., yesterday, a statement of the financial condition of the company was presented by the secretary. It showed the concern to be heavily involved, and that on January 1, 1893, it would be nearly $275,000 in debt. Claus Spreckels stated that the more sugar was produced the more the company got in debt. There is a very blue outlook in the island. One of the stockholders suggested the winding up of the affairs of the company and let Spreckels foreclose his bonds. The meeting adjourned without action being taken, or any course being decided upon.

Called Upon to Remit.

INDIANAPOLIS, Ind., Sept. 16.—Judge Taylor has issued orders calling upon the receivers of the Iron Hall branches in New York to remit all assets to Receiver Falley here in order to participate in the final distribution. They must report by October 1. He restrains Receiver Falley from entering into any litigation to settle the dispute between the two receivers in New York state.

Driven Ashore.

HOLLAND, Mich., Sept. 16. — The steamer A. B. Taylor, with a full cargo of peaches from Saugatuck, was driven on the beach a few miles north of Saugatuck in a heavy sea running Wednesday night. She is resting on sand and will doubtless be rescued.

More Favorable Weather Experienced at Hamburg.

THE ECONOMIC SITUATION IN SPAIN.

Dying of Blood Poisoning—Mr. Morley's Dilemma — A Bank Director Absconds — Liberal Catholic Congress—An Armed Uprising.

Autumnal Weather Sets In in Hamburg.

HAMBURG, Sept. 16. — Autumnal weather set in yesterday, and the heat of the previous two days was relieved by light winds and a falling thermometer. The highest temperature has been 73 degrees Fahrenheit, and last evening the thermometer was 60 degrees. There were 698 fresh cases yesterday, or twenty-nine more than Wednesday; 300 deaths, or three more than Wednesday.

In the cholera hospitals or barracks the number of patients has fallen to 1,809, the lowest number of the last sixteen days. Two-thirds of the patients are women and children. The men now stricken, the physicians say, are those who have had little constitution to resist the disease. Many of them have been hard drinkers and other have been weakened by privations, so as to become easily infected. Among people of normal health and habits the plague is believed to be at an end.

The municipal staff of physicians is now more than adequate.

Yesterday fifty army surgeons, who had worked here for the last two weeks, left for their garrisons, and more are expected to leave to-day.

Evidences of the revival of confidence are apparent on all sides. The infantry regiments which left Hamburg, Luebeck and Altona to take part in the Mecklenburg maneuvers, have returned to their barracks, although a week ago it was thought that their absence might be prolonged until October. The Stadt theater and the Thalia theater have been reopened, and most of the beer garden variety shows have resumed business. The fugitives continue to return, and scores of shops, which have been closed, have begun advertising for trade.

The Hamburger Nachrichten, Prince Bismarck's organ, has begun defending the city against the reproaches of the Berlin press and the imperial health office. The Nachrichten says that the criticism against the Hamburg municipal authorities in entirely undeserved. They have strained every nerve to fight the plague and the only reason why they failed was that the virulence of the epidemic has been unprecedented. The Hamburg health board could have coped successfully with the ordinary epidemic, but not a city in Germany would have been able to control an epidemic which broke out so suddenly and generally within its limits.

Senor Sagasta's Recommendations.

MADRID, Sept. 16.—At a meeting of the liberal party yesterday. Senor Sagasta, urged a simultaneous reform in the economic situation in Spain and Cuba. He advised the budget to be fixed on a basis of 800,000,000 pestas for revenue, and 700,000,000 pestas for expenditures. One half of the resulting surplus, Senor Sagasta urged, should be applied to the payment of interest and the authorization of the national debt, while the other half should be devoted to reorganizing the army and the national defense. Senor Sagasta also favored the conclusion without delay of commercial treaties; the adoption of a scheme for secondary railways, and the suppression or modification of the octrol laws. Senor Sagasta denounced the conservative party, and said that the prolonged continuance of one party in office tended to enslave the people.

Dying of Blood Poisoning.

BERLIN, Sept. 16.—Maj. Gen. Freiher von Meercheidt-Huellsem, commander at West Bierburg, is dying of blood-poisoning. During the maneuvers near Frankfort he fell from his horse and broke his arm. He refused to leave the field. He had a surgeon put a temporary bandage on the arm and proceeded with his duties. After the maneuvers gangreen set in, and now his death is the matter of but a few hours.

His death will be felt severely by the army as he was one of the few remaining officers of high rank who were active under William I. He has been in the army fifty-five years. He distinguished himself in his behavoir at Duphel Koeniggratz.

Mr. Morley's Dilemma.

LONDON, Sept. 16.—The Standard says of the revocation by the Irish privy council of all the proclamations issued under the coercion act: "Mr. Morley was expected to revoke the coercion act. It is only a question of time how soon he will be obliged to re-institute it or how long the nationalists will rest satisfied with the crust now thrown to them."

A Bank Director Absconds.

BERLIN, Sept. 16.—Otto Fischer, a director of the Meissen credit bank, has absconded, after having misappropriated 100,000 marks. For five years he has been plundering, by means of forgeries, the Moritz Mende estate, for which he has been the Berlin agent. It is thought that he has fled to the United States.

The Liberal Catholic Congress.

BERNE, Sept. 16.—The Liberal Catholic congress adjourned to meet in Holland in 1894. Before adjourning a committee of eleven was appointed to prepare a plan to be submitted to the next congress for the reunion of all Christian churches.

An Armed Uprising of Peasants.

BELGRADE, Sept. 15.—An armed uprising of peasants against the government is reported from Stopango. They are said to have captured the Communal house at Stopango. Belgrade is doubly patroled to-night.

"I WOULD rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Where to Locate New Factories.

Is the title of a 150 page pamphlet recently published by the Passenger Department of the Illinois Central railroad, and should be read by every mechanic capitalist and manufacturer. It describes in detail the manufacturing advantages of the principal cities and towns on the line of the Southern Division of the Illinois Central and the Louisville, New Orleans & Texas railroads, and indicates the character and amount of substantial aid each city or town is willing to contribute. It furnishes conclusive proof that the South possesses advantages for the establishment of every kind of factory working wool, cotton, wood or clay. DECATUR, ILLINOIS.

Entered at the Post Office at Decatur, Illinois, as second clas mail matter.

FRIDAY EVE., SEPT. 16, 1892.

"The "Knights of the Golden Circle" was not a happy name for that organization. It should have been called "Knights of the Stump-Tail Currency "

The question to be determined at the polls in November by the American people is this: Has the civilization of the United States of America risen above the civilization of the Democratic party?

Democracy, free trade and "wild-cat money is a combination calculated to make the "little bird sing in Johnny Bull's heart," but it would be very distressing to American interests and American labor.

If the Democrats gain control of the government they will make this a country which within a decade will be despised by the nations of the earth. Free trade, "wild-cat money" and Democratic stupidity can bring this about probably in less than a decade.

Adlai Stevenson talked force bill to the North Carolinans yesterday Adlai knows as well as any man living that with a fair vote and a fair count he would not stand the slightest chance of an election He also talked Democratic stumptail money to the "tar-heels "

The average rate of wages for common labor in the 18 Democratic states is 87 cents a day and the average in none of these states, except Connecticut and New Jersey, is above a dollar The 26 Republican states have an average rate of daily wages of $1.83 and the average in every one of these states is above one dollar.

There are those who say there were many Democrats at the wigwam last night This must be a mistake, for had there been a bourbon present when Gen. Raum exhibited the old Democratic state bank stumptail notes he would have fallen down and worshipped them. If there is anything a bourbon wants to worship more than he does another it is old Democratic money.

If the demagogues who are now conducting the Democratic campaign can make the American laboring man believe that he could be happier with free trade wages, which he would either be compelled to take or cease to labor if we adopt the free trade policy, then Cleveland will be elected. But does any reasonable man believe that the intelligent mechanics can be deceived by these demagogues into voting against their own interests and the interests of their wives and children

Adlai E Stevenson hates Lincoln and those who stood by him and legislated to put down the rebellion as much now as he hated them when they were enacting this legislation—at least he charges them in a speech with having instituted by their legislation a system of robbing the people. If these men had acted during the war as Adlai acted the south would have organized a confederacy and Adlai might now be minister to North Carolina, instead of making speeches there in the interest of his candidacy for Vice-President

The radical free trade plank of the Democratic platform is beginning to produce a strong effect on the minds of the people Says the Syracuse *Herald*, one of the most prominent independent papers in the state of New York, in an editorial explaining its reasons for supporting the Republican candidates: "The *Herald* is for Harrison, Reid and Protection The chief point for the elector to decide in 1888 was whether he wished to continue the system of protection as upheld and guided by the Republican party So in 1892 identically the same issue confronts the people. Believing that protection is the policy that brings greater good to the greater number of our people than free trade or a tariff for revenue only, the *Herald*, without hesitation, accepts President Harrison and Whitelaw Reid as the leaders for protection of American industries and American labor

The Democrats are now appealing to national prejudices by ringing the changes on know-nothingism. When the old Know-nothing party existed there were more men in that organization who are now Democrats than there were men who are now Republicans. That organization carried Kentucky, Maryland and Virginia. But suppose we put this Democratic campaign scheme on duty at home and let those whose prejudices these demagogues are trying to reach, look about in their own community and see whether or not the Republicans in that community in any way do now or ever did discriminate, socially or otherwise, against any man on account of his nationality. Until these demagogues who are doing this dirty work in Decatur can show that the Republicans of Decatur are ostracising men on account of nationality and the Democrats are not, they ought to be compelled by the force of public opinion to shut up or prove these charges which are calculated to cause spite and ill feeling to obtain among our people.

The more the Democratic papers attempt to monkey with Mr. Peck, the Democratic commissioner of labor of the state of New York, the more they put their foot in it Some of them reproduced a letter written by him last May to Mr Greenhow, of the Hornellsville *Tribune*, a former partner, in which he seemed to express the opinion that the McKinley law had been a detriment to labor and manufacturers in some particulars. But Mr Peck, while frankly admitting that he wrote the letter to Mr. Greenhow, says that it represented views based on only a partial investigation of the facts, and further and fuller knowledge led him to the conclusion that wages had been increased and the general prosperity advanced under the tariff. Hence he sees no discrepancy between his earlier and his later statements. And he adds: "I certainly am not going to distort figures to bolster up any preconceived theory I may have had, or to deceive the public into supporting one candidate or another " Mr. Peck has repeatedly stated that he started out in his investigation with a strong bias personally in favor of the free trade theory, though determined not to be governed by political considerations. He found that the free trade theory was not supported by the evidence.

Honesty and Dishonesty.

The difference between an unbiased business statement concerning the trade of this country and a statement made by Democratic leaders is the difference between falsehood and truth. The representatives of the Democratic party in convention at Chicago among other barren and false things declared:

We deny that there has been any increase of prosperity since the (McKinley) tariff went into effect.

Of course those who vote the Democratic ticket "like an unthinking horse rushes into battle," will swallow the above declaration without asking any questions, but the thinking Democrat knows better and so do business men, whether Democrats or Republicans. *Dun's Weekly Review of Trade* which has no politics but deals in business facts, and on this ground has a circulation among business men, said August 6, 1892:

It is within the mark to say that the volume of trade in July, as indicated by clearing house exchanges, was fully 15 per cent. larger than in any previous year, in spite of a decline of 5 per cent. in prices since a year ago. Imports were enormous, exceeding last year's over 19 per cent., which is proof of great activity in domestic manufactures and consumption.

Catarrh Can't Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you have to take internal remedies. Hall's Catarrh cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is no quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh Send for testimonials free. F. J. Cheney & Co., Toledo, O

Good Looks.

Good looks are more than skin deep depending upon a healthy condition of all the vital organs. If the Liver be inactive, you have a Bilious Look, if your stomach be disordered you have a Dyspeptic Look, and if your Kidneys be affected you have a Pinched Look. Secure good health and you will have good looks. Electric Bitters is the great alterative and tonic, acts directly on these vital organs. Cures Pimples, Brotches, Boils, and gives a good complexion. Dr. JOHN BULL'S SARSAPARILLA.

A teaspoonful of Dr. John Bull's Sarsaparilla contains more concentrated medicinal and curative virtue than a tablespoonful of any other sarsaparilla made A bottle contains 192 teaspoonful. Now an invalid wants his money's worth He wants good measure and full value Therefore, unless misled through ignorance, when his system needs

A GOOD

blood purifier, when his system needs a good tonic, when his system is breaking down, he will demand of his druggist a bottle of Dr. John Bull's Sarsaparilla, and on no occasion be persuaded to take any thing that may be offered in its stead as being "just as good." There is no other remedy so good for such diseases as scrofula, syphilitic affections, salt-rheum, itch, eczema, pimples, sores, rheumatism, lame back, swollen joints, aching muscles, nervous weakness, nervous debility, loss of appetite, loss of flesh, loss of strength, sleeplessness, premature old age, etc

T B Woodruff, Jeffersonville, Ind., writes: "For ten years I had been an invalid. I became a chronic medicine taker There is not a blood remedy or a tonic advertised that I did not try From none of them did I derive any permanent good I became discouraged. My system was full of blood impurities. My skin was covered in places with brown patches and little sores My muscles had lost their strength. I was very weak My

APPETITE

and digestion were miserable I kept growing worse and worse until I began to use Dr. Bull's Sarsaparilla. I then began to rally at once, and grew stronger and stronger, my improvement in looks and feeling is so great I seem like another person I give the whole credit of my recovery to Dr Bull's Sarsaparilla."

A Mother's Mistake.

Mothers frequently make a mistake in neglecting the cough of a child. A Fort Wayne, Ind., lady writes: My little daughter, 6 years old, had a severe cough but as it was nothing unusual I thought nothing of it, and allowed it to run on forfour or five weeks, when it became so obstinate she began losing flesh. I called in a physician who treated her three weeks without benefit. A neighbor insisted upon my trying Ballard's Horehound Syrup; it relieved her from the first dose and she began gaining flesh rapidly, and when we had used two bottles her cough had entirely disappeared. I would not be without it. It does not constipate my children. Ballard's Horehound Syrup is free from opiates. It's the most soothing Throat and Lung medicine in the world. Price 50c and $1.00. WIGWAM DEDICATION.

A Rousing Republican Rally at the Truth Tent.

THE CAMPAIGN OPENED IN DECATUR.

Solid Speeches by Gen. Green B. Raum, E. W. Oneal and John A. Brown—A Parade—Music by the Bands and Glee Club—Future Meetings.

Who said Republican enthusiasm is dead in Decatur? Show us the man. It didn't look like there was the slightest degree of indifference last night, when the Republican wigwam tent, seating capacity 2,000, at the corner of North Water and William streets, was dedicated. The whole town and part of the country was there, and so dense was the crowd that the people strung out on the sidewalk, filled all the available nooks, and hundreds were compelled to pass on home, as they could get no where near the entrance. Another story will have to be put on that tent for overflow meetings. It was a great meeting, and the speeches by Ernest W. Oneal, John A. Brown and Green B. Raum were solid chunks of information and gospel truth.

THE ESCORT PARADE.

The Republican Escort Club with Goodman's Band, the Escort Drum Corps, the Monitor Band and the Martial Band turned out in goodly numbers in uniforms with red, white and blue umbrellas, and marched from the court house to the St. Nicholas to escort Gen. Raum and the committees to the wigwam. It was a very creditable parade and was witnessed with satisfaction and pride as the procession moved to headquarters. Gen. Raum marched with ex-Mayor Kanan, followed by a long file of citizens. Arriving at the wigwam, it was found to be full, but somehow the people got in and the exercises began with a medley of favorite airs by Goodman's Band. The large platform was crowded with leading Republicans and elderly gentlemen, who were given front seats. The Glee Club was there to sing new selections, including 'We Meet Again," "Illinois" and Uncle Sam." The singers were Newt. Davis, W. A Boettger, Will Muzzy, Joe Alexander, Will Lewis and C. N. Brown. Each number was received with warm applause. "Illinois" was the favorite.

THE TENT.

And while the people were assembling and the music was on, the audience had a good look at the tent. It is 60x100 feet in width and length, and is provided with camp meeting seats, saw dust floor. The speakers platform 14x50 feet, is at the west end on which there are chairs for over 100 people. The decorations comprised banner portraits of Harrison and Reid, bunting and flags, and two arc lamps furnished ample illumination on the interior. A third lamp hung over the edge of the walk in front of the entrance. Further decorations will be made. The club banner and flags were displayed on the platform last night.

STIRRING SPEECHES.

Chairman B. P. Lytle in presenting Mr. Ernest W. Oneal to deliver the dedicatory address, stated that the meeting was to dedicate the big tent to Republicanism and would be headquarters during the campaign.

Mr. Oneal, who is a young man of marked gifts as an orator, has been heard with pleasure and profit by the Republican voters on former occasions. He again distinguished himself last night by the delivery of an address which awakened the liveliest enthusiasm and not only won for him the golden opinions of the audience, but brought out public commendation by Gen. Raum. Mr. Oneal at the outset related a German legend, which he applied to the positions occupied by the Republican and Democratic parties and their history, a history which to-day is as real as were the events of Grant storming Donelson and Sheridan dashing to Winchester. The mighty contending forces meet every four years. We come to-night to dedicate this tent as one of the battlegrounds whereon the political issues of this campaign will be fought. A Missouri statesman has given utterance to the statement that there are no real issues between the old parties. A sleepy man may think so, but to a man who has kept pace with the history of this country, cannot see such a condition of things. It is not necessary to go into detail as to the past differences of the two parties. You know what the differences were in '61 and '65. You know what party it was that made up the Knights of the Golden Circle, and to-day you know who some of them are! (Applause.) You know what the Democratic convention of '64 did when it declared the war a failure, and you remember that McClelland repudiated the platform, as no doubt Cleveland will repudiate the tariff plank of the Chicago convention of '92, when he writes his letter of acceptance; or perhaps, he will try another straddle. You know the grand old party which has done so much for this country —the party that gave us the 15th and 14th amendments and has done so much for the people. The Republican party has never forgotten the soldier. When president Cleveland, put 10 Rebels in office to one Union soldier, and he vetoed 101 pension bills. Some Democrats in high standing do not hold to Cleveland's feeling against Union soldiers. The Sickles incident in the Chicago convention, where it was declared that 25,000 Grand Army Democrats in the state of New York would not vote for Grover if he was nominated was cited as proof of the declaration. There are also vital differences on the tariff question. You all know the position taken by the Republicans, and what they believe, but who knows what the Democrats believe—only that they are against the Republican party. In this connection the speaker told the story of the dog that didn't know where he was going because it had eaten his tag, which was applied to the Democratic party with telling effect, causing general laughter. If the Democratic party ever had a destiny it is lost, because it has eaten its tag! The differences are immense on questions affecting the laboring man. In all that the Republican party has done for the up-building of industries and for the betterment of the condition of the people, if the legislation cannot be assailed in any other manner, the Democrats rise up and say the laws are unconstitutional. There are differences on the question of reciprocity, a neighborly trade relation which now exists with South American states, and in part with Germany, Austria and France. The differences are shown with marked effect in a late issue of *Judge* which pictures Whitney, Walker and Mills, as walking delegates among a lot of working men who are contented with their condition but whom the walking delegates wish to disturb and put in idleness. The reports of prosperity in New York state made by Peck and Parsons tell their own story of the good effects of the McKinley bill. The Republican party has given the country honest, sound money and it stands ready to preserve it. The Democrats ... and here the Republicans will spread the gospel. In closing Mr. Oneal with dramatic effect related the familiar story of Buckstone and the mad dog... On Nov. 8 he said the Republicans would choke to death the Democratic party, as did Buckstone the mad dog, and its carcass would be thrown lifeless to the ground.

Attorney John A. Brown, who had spent nearly a month in the northwest, most of the time at Minneapolis, Minn., told some humorous stories with political lessons, and spoke in laudatory terms of the good effects of the homestead law, which was a Republican measure and had done so much toward making the great northwest what it is to-day, a highly prosperous section, with a happy and prosperous people. Mr. Brown said that in the eight states through which he had traveled he did not believe that the Democrats would get a single electoral vote. Mr. Brown in closing introduced the chief speaker of the evening,

GEN. GREEN B. RAUM.

Gen. Raum, who is the Commissioner of Pensions, was received with general applause. The General, who is a calm and deliberate speaker, said it was a source of great gratification to him to him to come among the people of Decatur and discuss in a measure the issues dividing the two leading political parties. The large assemblage before him he took as a prophecy of what will happen in Illinois in November. It was an inspiration to him. It shows that the people were never more interested in a political conflict than at present. If the same feeling of interest is general, a great victory for the Republicans in this state is certain. He had heard with interest the glowing address by Mr. Oneal, and he would rather have listened to him all evening than to have taken part himself in the exercises. The General then with forcible language and chunks of facts proceeded to review in detail the differences which have divided the Republican and Democratic parties, and with every period he drove a spike into the Democratic coffin and clinched it. The differences are the same as those which existed in 1776, the same as those in '61 and '65, differences which had to be settled by bloody war, and now in 1892, outside the questions which were given birth by the war of '61, the differences are the same all the way down. Both parties for thirty-six years have been contending for the mastery. Every law that the Republican party has enacted for the good of the country the Democrats have stoutly opposed. In turn the tariff, reciprocity and financial questions were discussed clearly and with force, each proposition and argument being presented in a manner which cannot fail to bear good fruit. Jefferson, Madison and Jackson, recognized fathers of Democratic principles, were all in favor of a protective tariff, but the Democrats of to-day say the law is unconstitutional in face of the fact that the U. S. Supreme court has passed on the McKinley bill and pronounced it constitutional. Special reference was made to the good effects of protection and reciprocity in fostering home industries and in affording lucrative employment to the working classes. The tide of trade is now in our favor and it is the duty of the statesmen of the state and nation to keep it there. Let us continue to sell more than we buy and prosperity will continue.

In referring to the position of the Democratic party on the proposition to establish state banks, and to inaugurate another flood of wildcat money on the country, the General to show that the Democrats were in earnest on that proposition, produced copies of seven bills that had already been introduced in the National congress to repeal the 10 per cent. tax. One was by McMullan, of Tenn., member of the committee on ways and means, one by Hardin of Ohio, one by Free Silver Bland of Missouri, one by Richardson of North Carolina, one by Livingston of Georgia, and the other by Breckenridge of Arkansas. The Democratic congressmen are doing this thing, and the national Democratic convention in its Chicago platform endorses the ugly work. Such pernicious legislation means a return to wild-cat money, such as we had up to 1862. The speaker had samples of Indiana, New York and Canada wild-cat money, which were held up to the view of the audience. Harrison in his letter, in alluding to the position of the Democratic party on the financial question, said that if for no other reason every man should vote the Republican ticket. The poor man is more interested in having sound money than the rich man. The rich man can watch his interests and knows when to unload. The poor man cannot. He does not have the time nor the opportunities.

This campaign is not one of men. It is one of principles and stability of the government. Lincoln, Sumner, Seward, Grant, Conkling and Logan have passed away. Life is short. It is important to have good, safe men for candidates, but in this campaign the Republican party is the candidate before the people on one side and the Democratic party on the other side.

Crushing reference was made to the recent speech delivered at Bloomington by Hon. A. E. Stevenson, Democratic nominee for Vice-President—a speech in which Stevenson declared that the Democratic party had taken a position which other Democrats contend that they did not occupy. Either Stevenson tells the truth or the Democrats have been lying to us. The General's arraignment of that speech in the limited time was crushing, and it went home to all in the audience.

General Raum wound up his address by talking to the old soldiers like a loving comrade. He gave a sketch of the enormous amount of work required in the pension office, and said the country owed the old soldiers a debt it could never pay. The debt of the soldier had matured and it is the duty of the country to stand by the men who stood by the flag. The speaker took his seat amid a tempest of applause, and the meeting closed at 10:55 with a song and three cheers and a tiger.

ANNOUNCEMENTS.

Chairman Lytle announced that there would be rallies at the tent on the nights of Sept. 22 and 27.

ALL DAY SHOOT.

Scores Made by Local Marksmen at East Park Boulevards.

George Rupert and Lou Foster for some time past have been arranging for a live pigeon shoot at East Park Boulevards. It occurred yesterday and was a grand success. It was one all-day shoot. The following scores were made:

In the first match out of a possible eight: Chan Powers, 8; H. Metz, 6; John Wood, 5; George Rupert, 5; R. Taggart, 2. The money was divided into 50, 30 and 20 per cent. In all the other matches the money was divided.

The second match out of a possible eight sight resulted: H. Metz, 8; George Post, 8; John Wood, 7; Squire Peake, 6; Lou Foster, 6; Chan Powers, 5; George Rupert, 6; W. Surface, 6; W. Brown, 4.

Third Match, Eight Possible—Chan Powers, 8; C. Surface, 7; W. Surface, 6; Geo. Rupert, 6; John Wood, 6; George Post, 5; H. Metz, 4; R. Taggart, 4.

Fourth Match, Eight Possible—C. Surface, 8; H. Metz, 7; Chan Powers, 7; W. Surface, 7; Bert Hildebrandt, 6; John Wood, 5; Geo. Rupert, 5.

Fifth Match, Possible Six—Harry Metz, 5; C. Surface, 5; W. Surface, 4; Peter Brueck, 3; Bert Hildebrandt, 2; George Rupert, 1.

The miss and out shoot was an interesting one. Each person as he missed a bird was out of the shoot. The following was the score: C. Surface, 2, W. Surface, 2; F. Mueller, 2; P. Brueck, 1; Geo. Post. 1. This shoot was won by C. Surface.

Katie Putnam.

The favorite little actress, Katie Putnam, and her excellent supporting company will soon present for the first time in this city her new play, "An Unclaimed Express Package," from the pen of C. W. Walters, a bright young dramatist, who has succeeded in giving Miss Putnam a clever vehicle for displaying the impersonations in which she so charmingly excels. The play is in four acts and its story is said to be refreshing, as it covers new ground and combines with a fund of light, crisp, comedy melo-dramatic touches introducing sensational situations and realistic scenes. Every detail has been given close attention to make its presentation a success, and 10,000 pounds of special scenery will elaborate the stage pictures and add to the attractiveness and completeness of the production. The above will be presented at the Grand on Wednesday evening, Sept. 21st.

Terre Haute Races.

The Terre Haute Trotting Association will hold its annual meeting on the race course at that place on Sept. 27 to 30 inclusive. There are fourteen races on the programme, and the purses aggregate $14,000. There are 165 entries for the fourteen speed trials and they embrace all of the sensational horses of the year. In the free-for-all pace, Flying Jib, San Pedro, Guy, Mascott and other good ones meet. In the free-for-all trot we find Martha Wilkes, Jack, Lobasco, St. Vincent, Evangeline, Margeret S. Besides these we find hosts of other good ones to meet in battle on this celebrated track. Budd Doble will be there on Wednesday with the celebrated mare, Nancy Hanks, the record holder, and promises to set a mark over this track that will last forever. The Association have exhausted every effort in their power to make this the banner meeting of the year, and with good weather, their hopes will be realized.

"Chas. Frohman's Glorious Comedy."

Theatre goers and lovers of refined merriment of the very highest order of excellence will hail with delight the announcement that Charles Frohman will present that phenomenally successful comedy-farce "Gloriana," which enjoyed a run of nearly 150 nights in New York, 300 in Paris and 250 in London. The comedy will have its first Decatur presentation at the Opera House on Monday evening Sept. 19, with the same great cast that has characterized its success in New York, testing the seating capacity of the Brooklyn theatres and breaking all previous comedy records. The artistic merits of all Charles Frohman's companies are too well known by amusement seekers to need comment, therefore the demand for seats will be very heavy, for the one-night engagement. Mr. Frohman has probably selected one of the strongest comedy companies that he has ever dispatched in this direction, including E. J. Henley, Henrietta Crossman, Frederick Bond, May Robinson, Chas. B. Wells, Joseph Allen, Margaret Robinson, Thos. A. Wise Edwin Stevens, Wm. Robson.

Gone East.

Last night Tom Peniwell sent another party of tourists east over the Illinois Central and Pennsylvania Central. The parties were John Thomas, James Carter, J. E. King, John C. Mark, Maria H. Mark, Ellen M. Mark, J. H. Roby, C. B. Adkesson and wife, H. Metz, J. A. Jard, Wm. Combs, S. P. Rudolph, J. D. Merison, Philip Kemper, M. Hatch, Thomas Hughes, F. W. Graybill, Mr. Pasley and friend

"The Dazzler" To-Night.

That prince of clever eccentric comedians, Joseph Ott, whose clever methods have won him such high praise, will again be seen in "The Dazzler," playing the role he originally created and has been playing ever since the company has been organized. See "The Dazzler" this evening.

Here's What the Plasterers Think of ROCK PLASTER.

WE THE UNDERSIGNED, contracting plasterers, after much experience and observation, take pleasure in testifying to the practical character of ROCK PLASTER, and while it will remove a not inconsiderable amount of business, namely that of patching, we advocate its use, as it enables us to do work and guarantee the results, and enables us to carry on our trade at all seasons of the year, and modernizes that part of building enterprise which has undergone practically no improvement in the last two thousand years, placing the business of the plasterer on the same footing as that occupied by the other trades through the advent of machinery and improved methods.

GEORGE H. MAUZY IN HOC.

Arrested in Chicago for Stealing from His Friends.

George H. Mauzy, who formerly resided here and for months held the position of depot clerk for the Pacific Express company, has been arrested in Chicago on the charge of larceny. The report reached here last evening, and at first his friends were disposed to disbelieve it; but when several remarked that they were victims of Mauzy, then the truth was apparent. It seems that since Mauzy left Decatur his path has been a narrow one, and he has had a hard time making a livelihood, so his friends, the messengers of the Pacific company who had known him in better days, offered him sleeping room in the company's quarters in Chicago on Washington avenue, where the messengers bunk, and George accepted. It was not long until the messengers missed money from their clothes which were riddled while the men slept, and when the stolen sums grew so large an investigation was commenced and the arrest of Mauzy was the result. The sums range from small change to $20. It is not known what the court has done with Mr. Mauzy, but if the charge is substantiated he is good for a trip over the road.

REASON DETHRONED.

The Mother of Once Famous Marie Litta Insane.

The mother of Marie Litta, the deceased and once famous prima donna, whose home was in Bloomington, has become insane, and yesterday was removed to the home of her son, Mr Byron Von Elsner, in Kansas City. Mrs. Von Elsner is a daughter of one of the old families of Bloomington, and when but a child fell in love with and married against the will of her parents, Professor Hugo Von Elsner, a music teacher who chanced to locate at Bloomington, which was then but a village. Mrs. Von Elsner's health was shattered by the death of her celebrated daughter, and again three years ago she met with a dreadful shock in the death of her son, Don Von Elsner, who had become noted as a composer, cornetist and orchestra leader. Mrs. Von Elsner is in reduced circumstances. At one time the Von Elsner family lived in Decatur.

The Negroes Shipped Back.

Twelve carloads of negroes passed through the city this morning en route to Georgia. A short time ago the Illinois Central railroad imported 150 negroes from Georgia to work on the Illinois Central road at Rockford, Ill. They were all right to work when the sun shone bright and warm, but when the cold snap came they shivered so they couldn't hold a shovel and refused to proceed with the work, so the company hooked an engine to twelve box cars and started towards the sunny south. When they passed through Decatur this morning they attracted no little amount of attention. They were in box cars and in the front of each car there was a stove and the bunks were built across the rear. In several cars they were bunched together around a "crap" game and each negro had a large dirk knife near him to aid him in convincing his companions that he was right in any and all arguments that might arise.

When the train stopped near Ehrhart & Co.'s fruit house, where watermelons were being unloaded the negroes made a rush for the melons and put up their stuff for them. The train started off without making a signal, and three of the darkies got left. They tore down the track with melons in arms to catch the train, but the three were not swift enough. They will take the next train out of the city for home.

Sent for a Charter.

Through the efforts of the Federation union organizer, Mr. Wood, the barber, about a dozen employes of the City Electric Street railway have put up the cash for a charter. The cash has been sent east and the charter will come back in a few days, when a meeting will be held to elect officers. It is understood that a majority of the men now in the employ of the company are opposed to joining any union. They say they are contented with the present condition of affairs and have no kick to offer.

Gave the General a Dinner.

Last evening Dr. D. N. Moore gave a dinner party at the St. Nicholas hotel in honor of Gen. Green B. Raum. It was a neat compliment to the General which was duly appreciated. Other guests at the table were I. R. Mills, H. K. Midkiff, C. M. Imboden, John A. Barnes, W. F. Calhoun, R. P Lytle and George R. Steele.

He will remain over winter.

Farmer City's Mind Is Troubled.

The question of water works and light is proving a difficult one for the council of Farmer City to settle. It is almost the unanimous opinion of the citizens there that if they are to have water works the proper thing to do is to run them in connection with the electric light Mr. Evans, the proprietor of the electric light plant there, is willing to sell on terms which, if no more be paid each year than is now paid for lights, Farmer City would own the plant in seven years, while it is estimated that the commercial circuit will pay the expense of running the combined system But at this point the city attorney steps in and says that such a contract is not legal The council is unable to issue bonds enough to put in the water works and buy the light plant also and so far no way has been found to combine the two.

Seeks a Divorce.

In the circuit clerk's office Mrs. Emma E. Kipp has filed a bill for a divorce from her husband, Samuel N Kipp, on the ground of habitual drunkenness. THE COUNTY BOARD.

The Committee Will Buy the Court House Furniture.

The board of supervisors convened this forenoon at the usual hour.

Final action on the Jane Morton amount, $18.25 due the lady, was deferred until the December meeting.

On the recommendation of the committee the Pleasant View township highway commissioners were ordered paid $665.60 as county's part of expense for building bridge.

The following resolution offered by Supervisor Roberts was adopted:

Resolved, That the matter of procuring furniture for the new court house (both metal and wood) be placed in the hands of the committee on public buildings, with power to contract for same.

The judiciary committee submitted a statement from State's Attorney Mills that the county had the power to issue bonds in any sum on submitting the question to a vote of the people. The report was adopted.

The contracts with the Piatt company for lighting the court house with electricity were approved.

The board of supervisors yesterday took up a proposition to submit to the people at the next general election the following proposition:

That the voters of Macon county be asked to vote at the next general election for or against issuing bonds to cover the indebtedness caused by the erection of the new court house.

The resolution was referred to the committee on judiciary

The committee on miscellaneous claims reported the following bills: Frank Koach, services in a state case, $9.15, recommending that he be allowed $3.05; L. A. Smith, $4.20, recommending that he be allowed $1.40; Geo. D. Kitch, $22.50 recommending he be allowed $7.48. The bills of several supervisors for committee work were allowed.

TAXES.

The finance committee recommended a levy of 75 cents on the $100 be made upon the equalized valuation of 1892 for general and court house purposes. The committee reported the cancellation of $15,648 40 jury certificates in the last three months.

Supervisor Burley moved that the circuit clerk's salary be reduced from $2,000 a year to $1,600 Whitley supported the proposition, and Cope wanted to leave it at $2,000. The vote showed 13 yeas in favor of the reduction, to 9 nays against the reduction. Those voting in the affirmative were Bean, Burley, Cussins, Davidson, Dickison, Griffin, Johnson, Miller, Nowlan, Parker, Roberts, Sleeter and Whitley.

THE JAIL.

The special committee appointed to visit the jail recommended that chilled steel bars be substituted for those now on the windows, and that changes be made so that prisoners need not come into the corridor to be fed. They also recommended that no visitor be allowed in the jail who would not consent to be searched and visit in company with an officer. They also suggested that the sheriff should be more cautious. This report was adopted:

TREASURER'S REPORT.

County Treasurer H. C. Montgomery made a report for the half year ending August 31, showing balance at beginning, $4,911.01; $65,065.06 received; $60,872 62 paid, and a balance of $9,593.46.

ON THE COURT HOUSE

A resolution offered by Supervisor Parker, authorizing the public building committee to buy court house furniture, not spending more than $8,000, was lost.

Supervisor Bean moved that the building committee make plans for furnishing the court house at a cost of from $6,000 to $10,000 The plans, with estimates and a description of the goods, are to be presented to the board. When the board decides what it wants the committee is to get sealed bids for the supplies. The motion carried on a vote of 12 to 10.

Supervisor Singleton offered a resolution that nothing but metallic files and shelves be used in the court house, and meta furnishings shall be used wherever possible. The board approved the idea.

Supervisors Roberts, Parker, Johnson and Sleeter offered the following resolution, which is under discussion as we go to press:

Resolved, That we ask the voters of Macon county at the next general election to vote for or against issuing $80,000 in county bonds to cover the indebtedness caused by the erection of the new court house, said bonds not to bear a higher rate of interest than 5 per cent. per annum.

A Valuable Firearm.

Last evening when George Rupert and several other marksmen were returning from the all-day shoot at East Park Boulevards, a valuable gun, the property of Weeden Smith, was lost. It had been placed in the wagon and must have fallen out It was an L. E Smith double-barrelled, breech-loading gun, and was in a black leather case. Any information as to the whereabouts of the gun will be liberally rewarded at the H. Mueller Gun company's store.

SCHOOL SHOES.

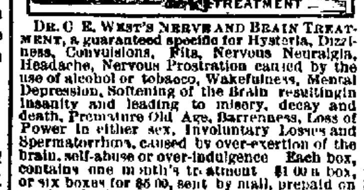

Now is the time to buy them, and we want to especially recommend John Mundell's Solar Tip Shoes. They will outwear several ordinary shoes for the reason that the sole leather is brought up and bent over in front making it almost impossible to wear the shoe out at the toe. These shoes are in goat, grain and dongola stock and are just what is wanted for school wear. We are exclusive agents for them, own them cheaper than any retailer can, and can sell them for the least money.

N. B. Our big Summer sale of shoes is still going on and the Bargains are the greatest ever known in the shoe business in this country.
